Up and Over doors

As standard the Knight garage is supplied with a Horizontal or Vertical design door. You will receive one door (either 7' or 8' wide depending on the size of the building) in a single garage and two doors (7' or 8' wide) in a double garage.

Alternatively you can upgrade to the following design of door:

Door Size	Horizontal	Vertical	Georgian
7'0" x 6'6" + 7'0"	Standard	Standard	99
8'0" x 6'6" + 7'0"	Standard	Standard	129
9'0" x 6'6"	190	199	295
9'0" x 7'0"	225	235	350
10'0" x 6'6"	N/A	395	485
10'0" x 7'0"	N/A	450	485
12'0" x 6'6"	N/A	550	N/A
12'0" x 7'0"	N/A	630	N/A
14'0" x 6'6" + 7'0"	495	495	595

4-Point Locking

As standard the up and over doors are supplied with 2 point locking. 4 point locking bars can be added for additional security at a cost of **£55.00**

Remote operator

A remote control operator manufactured by Hormann can be fitted to the garage to provide effortless opening of the up and over door. Each operator is supplied complete with 2 handsets and a courtesy light. Cost **£495.00**

If any extra handsets are required they can be ordered at **£45.00** each.

Please note: It is the customer's responsibility to ensure that a source of power is supplied to the garage to enable the operator to function. The operator works off a standard 12 volt power source.

Brick front Panels

Hanson Garages manufacture a concrete panel faced with real brick. This unique method perfectly reproduces the effect of traditionally laid brick. You can choose from our range of brick colours to match you existing property or even supply your own bricks to create your own tailored design. Please refer to our Brick Front section to view the samples.

PVCu Options

Our latest addition to the range of Knight garages features front and side fascias clad in PVCu. This makes the garage virtually maintenance free and can also match into your existing windows and doors, which ensures that this is a very popular option.

Colour coded guttering and PVCu double glazed windows can be added to complement the maintenance free garage.

PVCu Fascias

White

Single garage	£210.00
Double garage	£259.00
Extra height garage	P.O.A

Woodgrain (Mahogany or Golden Oak)

£355
£440

2' Opening	£125.00
4' Fixed	£155.00
4' Opening	£189.00

Woodgrain (Mahogany or Golden Oak)

£169
£210
£265
£320

Guttering **£4.00** per foot

Personnel doors

For easier access to the garage, without using the up and over door, a popular choice of extra is the personnel door. This door is 3' (0.91m) wide and 6'6" (1.98m) high in timber and is available in 2 different styles.

A Hormann steel door is available in 3' (0.91m) or 4' (1.22m) wide and 6'6" (1.98m) high.

Standard Timber Personnel door

This is a softwood door, treated in preservative, with T-hinges and a mortice lock. £75.00

Deluxe Timber Personnel door

As above but with Butt hinges and a lever lock. £129.00

3' Wide Steel Personnel door

This is a galvanised steel personnel door, with a powder coated finish in white or brown, manufactured by Hormann to match the up and over door. It is supplied in a steel frame.
Vertical ribbed £169.00 Georgian design £275.00

4' Wide Steel Personnel door

This door has the same specification as the 3' Steel Personnel door but has extra width to accommodate motor bikes, ride on lawnmowers and electric scooters etc. £285.00

Guttering

4" Wide half round guttering and downpipe is available to help the water disperse safely and efficiently away from the garage roof. The guttering will be supplied in brown unless a PVCu garage is ordered in which case white is supplied.

Price £4.00 per foot

(i.e. Knight 16'1" x 8'3" ordered, 8 x £4.00 = £32.00)

We will supply the downpipe free of charge when guttering is ordered.

Foam Filler

Foam Filler can be fitted in between the corrugation of the roof sheets to prevent any dust or debris being blown into the garage.

Price £1.50 per foot

ROOF OPTIONS

Translucent Roof sheets

We can replace some of the existing roof panels upon request with translucent roof sheets to provide extra light into the building. These are a great alternative when a window is not required due to security reasons.

Please note that translucent roof sheets are more prone to condensation than cement fibre sheets.

Price **£48.00** per sheet

Grey cement fibre roof sheets

Price – **As standard**

Spanish Red or Mocca Brown cement fibre roof

Price **+5%** (on the basic building cost)

Galvanised Steel roof

Price **+6%** (on the basic building cost)

Plastic coated steel roof sheets box profile – single skin

Available colours – green, black, grey, blue, terracotta, plus various others

Price **+25%** (on the basic building cost)

Plus points – strength

Minus points – Condensation. Better than galvanised steel roof but not as good as cement fibre roof.

Plastic coated steel roof sheets box profile – Insulated

Colours as above

Price **+40%** (on the basic building cost)

Plus points – strength

Minus points – none

Tile effect Plastic coated steel roof

Available in grey or terracotta

Single skin **+35%** (on the basic building cost)

Insulated **+60%** (on the basic building cost)

The same strengths and weaknesses apply as with the plastic coated steel roofs.
