Personnel doors

The Personnel door supplied within the shed or workshop is the 3' Standard Timber Personnel door . This door is 3' (0.91m) wide and 6'6" (1.98m) high .A Hormann steel door is available in 3' (0.91m) or 4' (1.22m) wide and 6'6" (1.98m) high.

Standard Timber Personnel door

This is a softwood door, treated in preservative, with T-hinges and a mortice lock.

As standard

Deluxe Timber Personnel door

As above but with Butt hinges and a lever lock. **Additional £40.00**

3' Wide Steel Personnel door

This is a galvanised steel personnel door, with a powder coated finish in white or brown, manufactured by Hormann to match the up and over door. It is supplied in a steel frame. Vertical ribbed **Additional £90.00** Georgian design **Additional £185.00**

4' Wide Steel Personnel door

This door has the same specification as the 3' Steel Personnel door but has extra width to accommodate motor bikes, ride on lawnmowers and electric scooters etc. **Additional £195.00**

Brick front Panels

Hanson Garages manufacture a concrete panel faced with real brick. This unique method perfectly reproduces the effect of traditionally laid brick. You can choose from our range of brick colours to match you existing property or even supply your own bricks to create your own tailored design. Please refer to our Brick Front section to view the samples. Please note that the maximum available width of a brick panel is 2'.

PVCu Options

Our latest addition to the range of sheds and workshops features front, side and rear fascias clad in PVCu. This makes the building virtually maintenance free and can also

match into your existing windows and doors, which ensures that this is a very popular option.

Colour coded guttering and PVCu double glazed windows can be added to complement the maintenance free building.

PVCu Fascia

	White	Woodgrain (Mahogany or Golden Oak)
Building upto 10' wide	£210.00	£355
Building upto 20' wide	£259.00	£440

PVCu Windows

	White	Woodgrain (Mahogany or Golden Oak)
2' Fixed	£99.00	£169
2' Opening	£125.00	£210
4' Fixed	£155.00	£265
4' Opening	£189.00	£320

Guttering

4" Wide half round guttering and downpipe is available to help the water disperse safely and efficiently away from the building roof. The guttering will be supplied in brown unless a PVCu building is ordered in which case white is supplied.

Price **£4.00** per foot

(i.e. Apex shed 8'1" x 6'3" ordered, 8' x 2 sides of the shed = 16 x £4.00 = £64.00)

We will supply the downpipe free of charge when guttering is ordered.

Foam Filler

Foam Filler can be fitted in between the corrugation of the roof sheets to prevent any dust or debris being blown into the building. This can be fitted to both the gaps in the eaves and the ridge.

Price **£1.50** per foot

ROOF OPTIONS

Translucent Roof sheets

We can replace some of the existing roof panels upon request with translucent roof sheets to provide extra light into the building. These are a great alternative when a window is not required due to security reasons.

Please note that translucent roof sheets are more prone to condensation than cement fibre sheets.

Price £32.00 per sheet

Grey cement fibre roof sheets

Price – As standard

Spanish Red or Mocca Brown cement fibre roof and matching ridge

Price +5% (on the basic building cost)

Galvanised Steel roof

Price +6% (on the basic building cost)
